Our purpose

Santillana's purpose is to inspire the learning of children in Latin America, to stimulate the development of their potential and to nurture their individual and social growth so that they become what they want and deserve to be.

Our vision

To be the natural ally of the educational community, helping teachers and students live the learning experience as a memorable growth process in their lives. To always be at the forefront of innovation and learning.

Our mission

To help, to advise and to support the entire school environment in Latin America - centres, teachers, students and families - in their process of transformation and educational improvement, offering the learning projects and services that best suit their needs. Because we want to lead the educational transformation and digitalisation of K-12 in Latin America through innovative content and services, and the best technology and educational consulting solutions for students and schools.

Our values

Innovation

The creation of opportunities
